

Be Kind To Animals

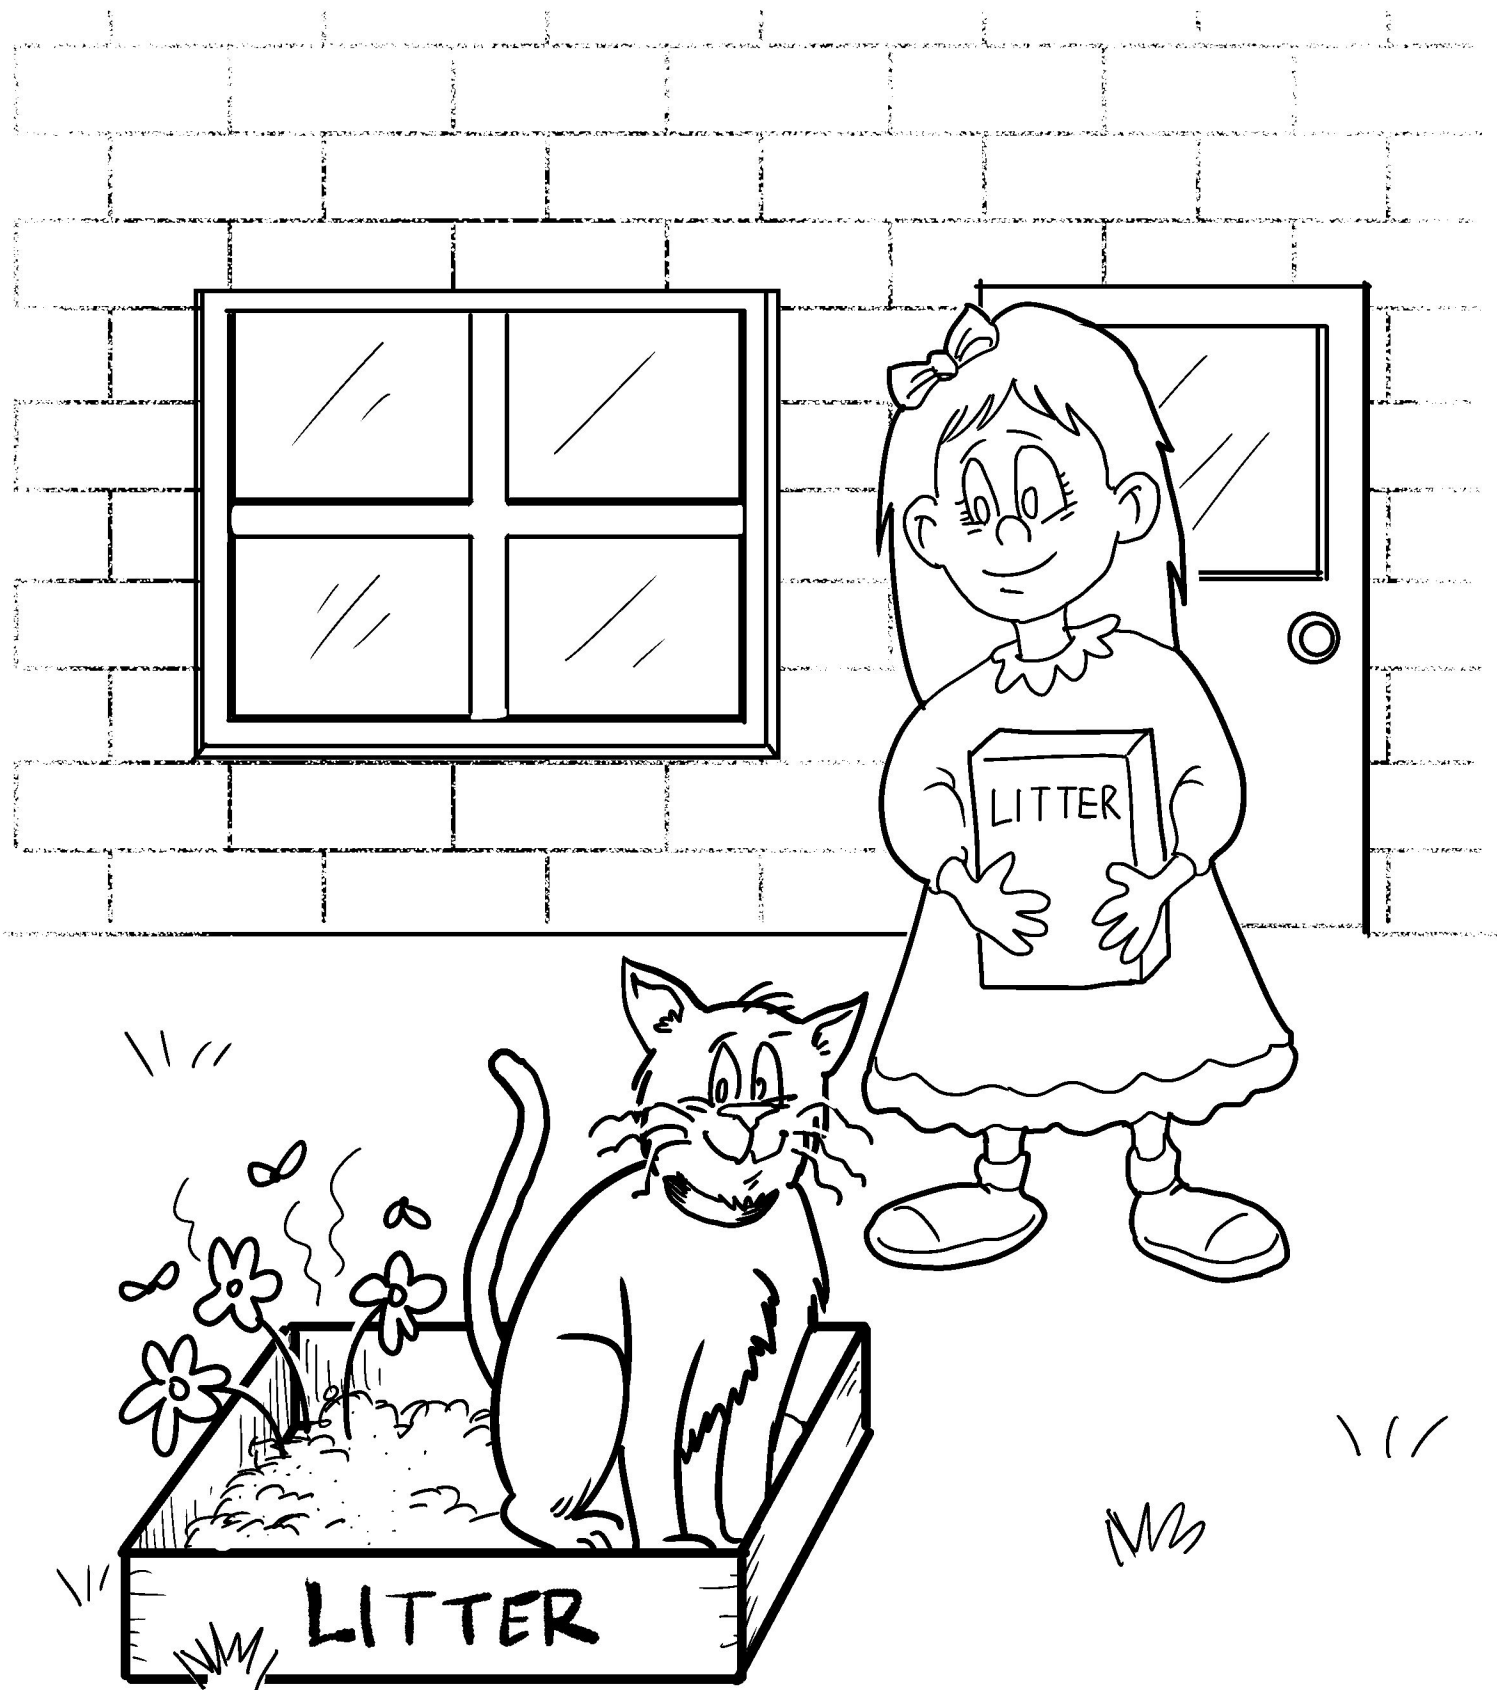

Does your dog have a name tag?
If your pet gets lost, a name tag tells people
your pet's name and where they live.

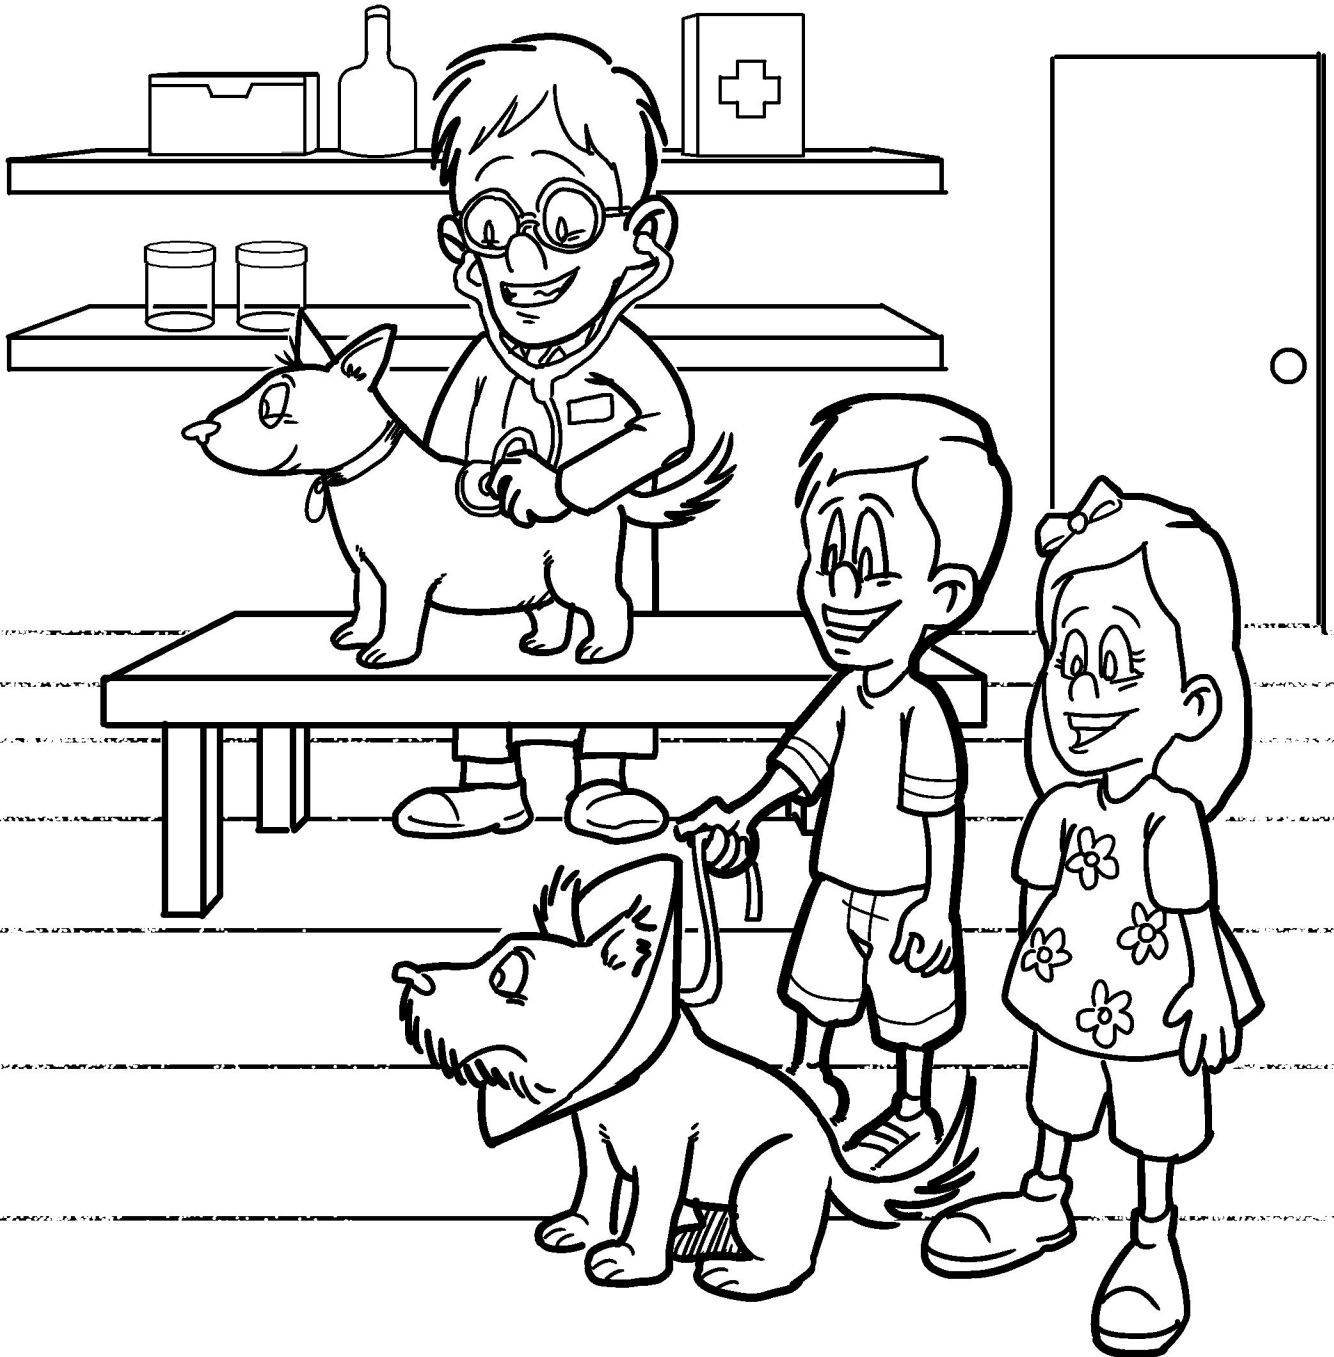

**Make sure your pets have a warm
and dry place to sleep.**

Keep your cat's litter box clean.

VETERINARY

**Just like you visit the doctor regularly
so should your pet.**

Bathing your pet regularly keeps them clean and happy.

**Pets shouldn't eat the same foods as you.
Foods like chocolate and grapes could
make them very sick.**

NEVER HIT YOUR PETS!
Sometimes your pet may not know
what it is doing wrong.
Choose to teach them in a kind way.

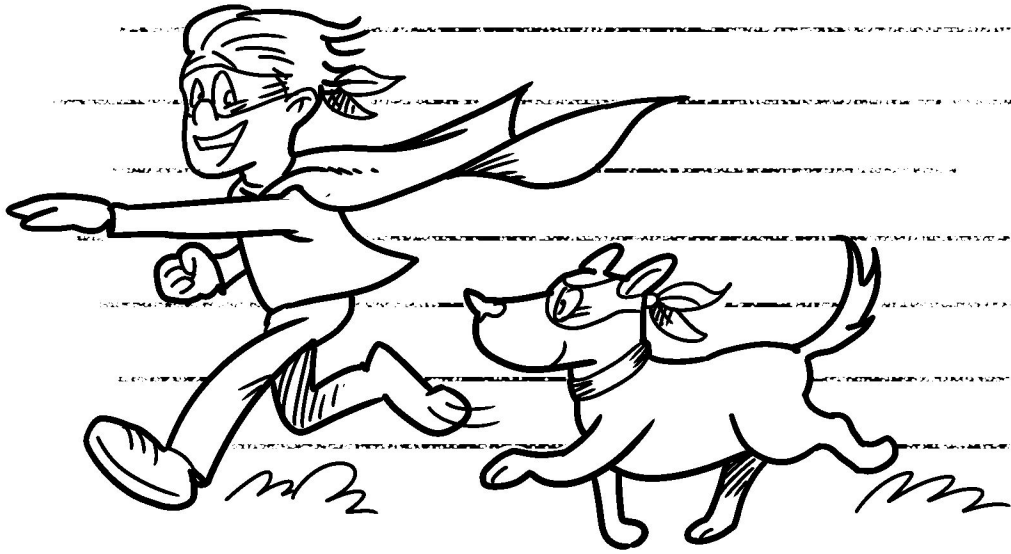

Make sure your pet has a collar and is always on a leash when in public.

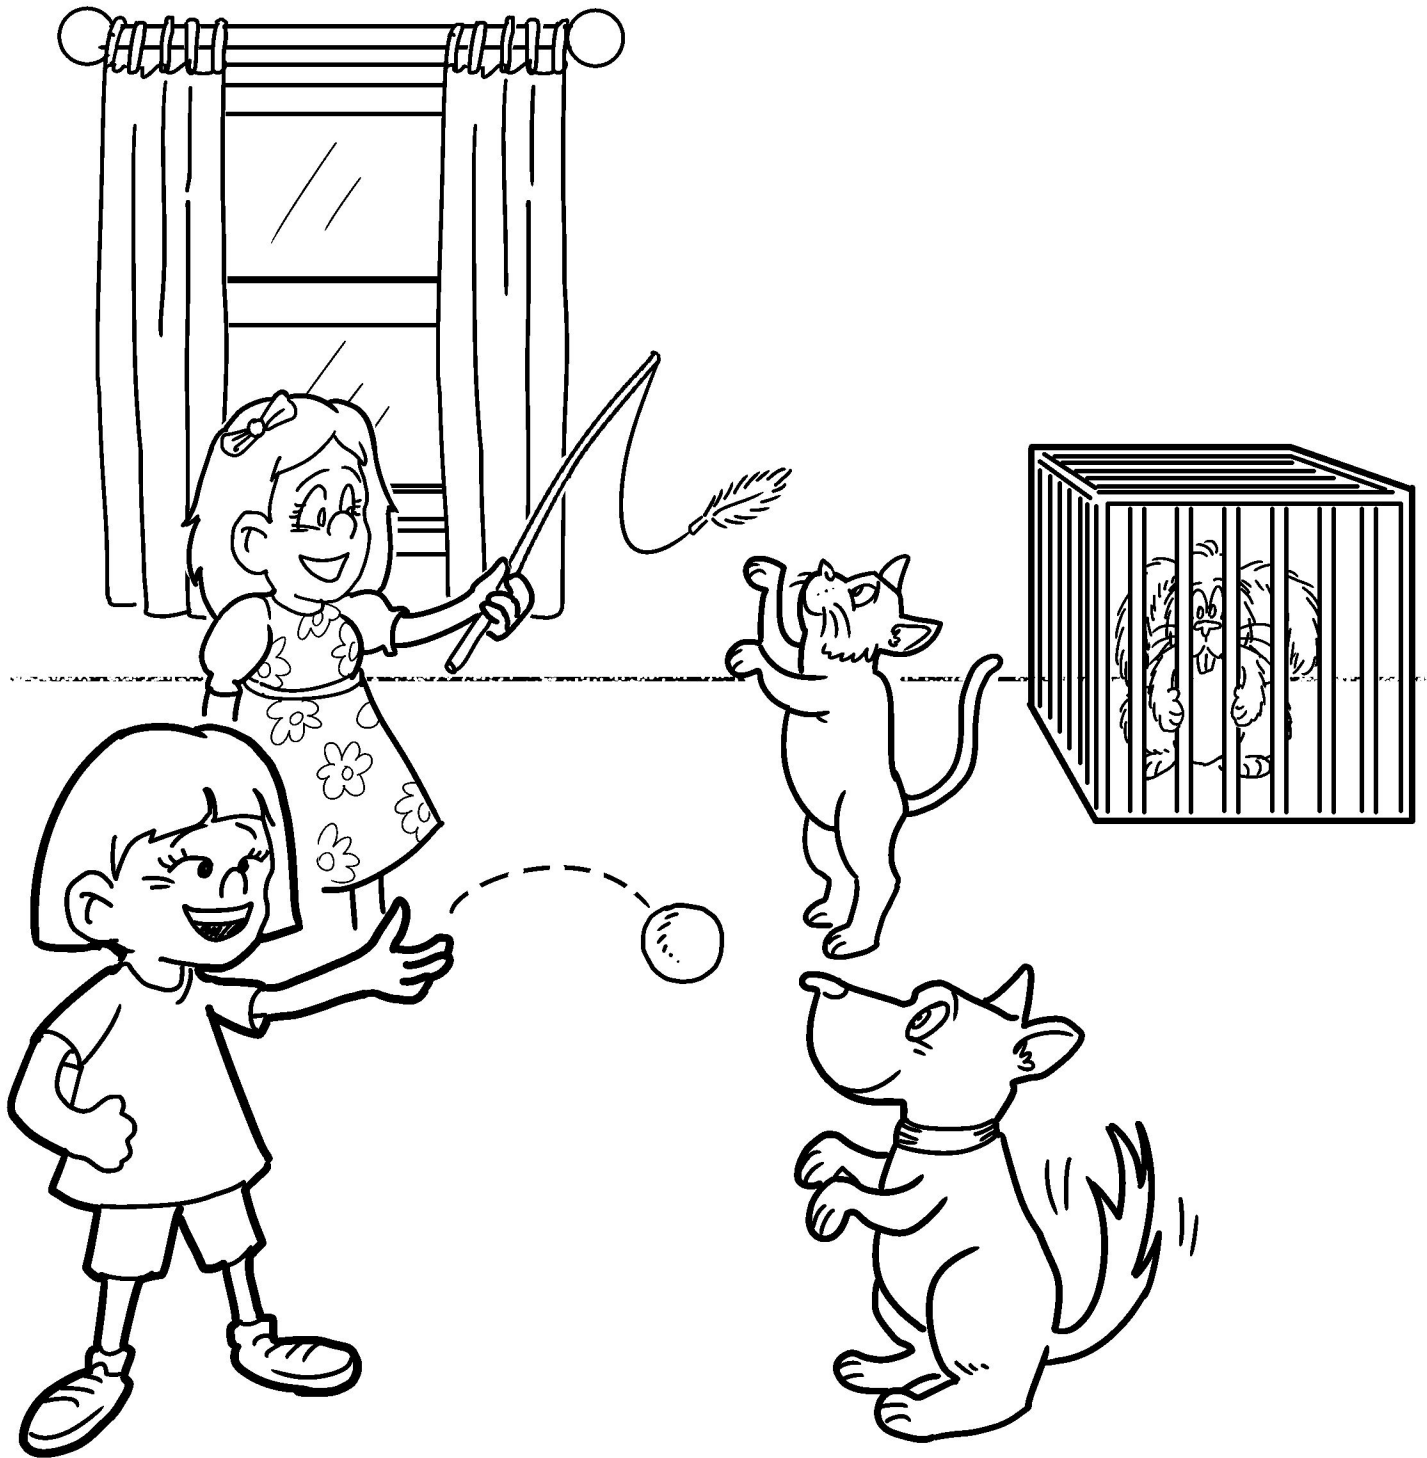

**Always ask for permission before
petting another person's dog.**

**Don't forget to feed your fish.
They can't feed themselves.**

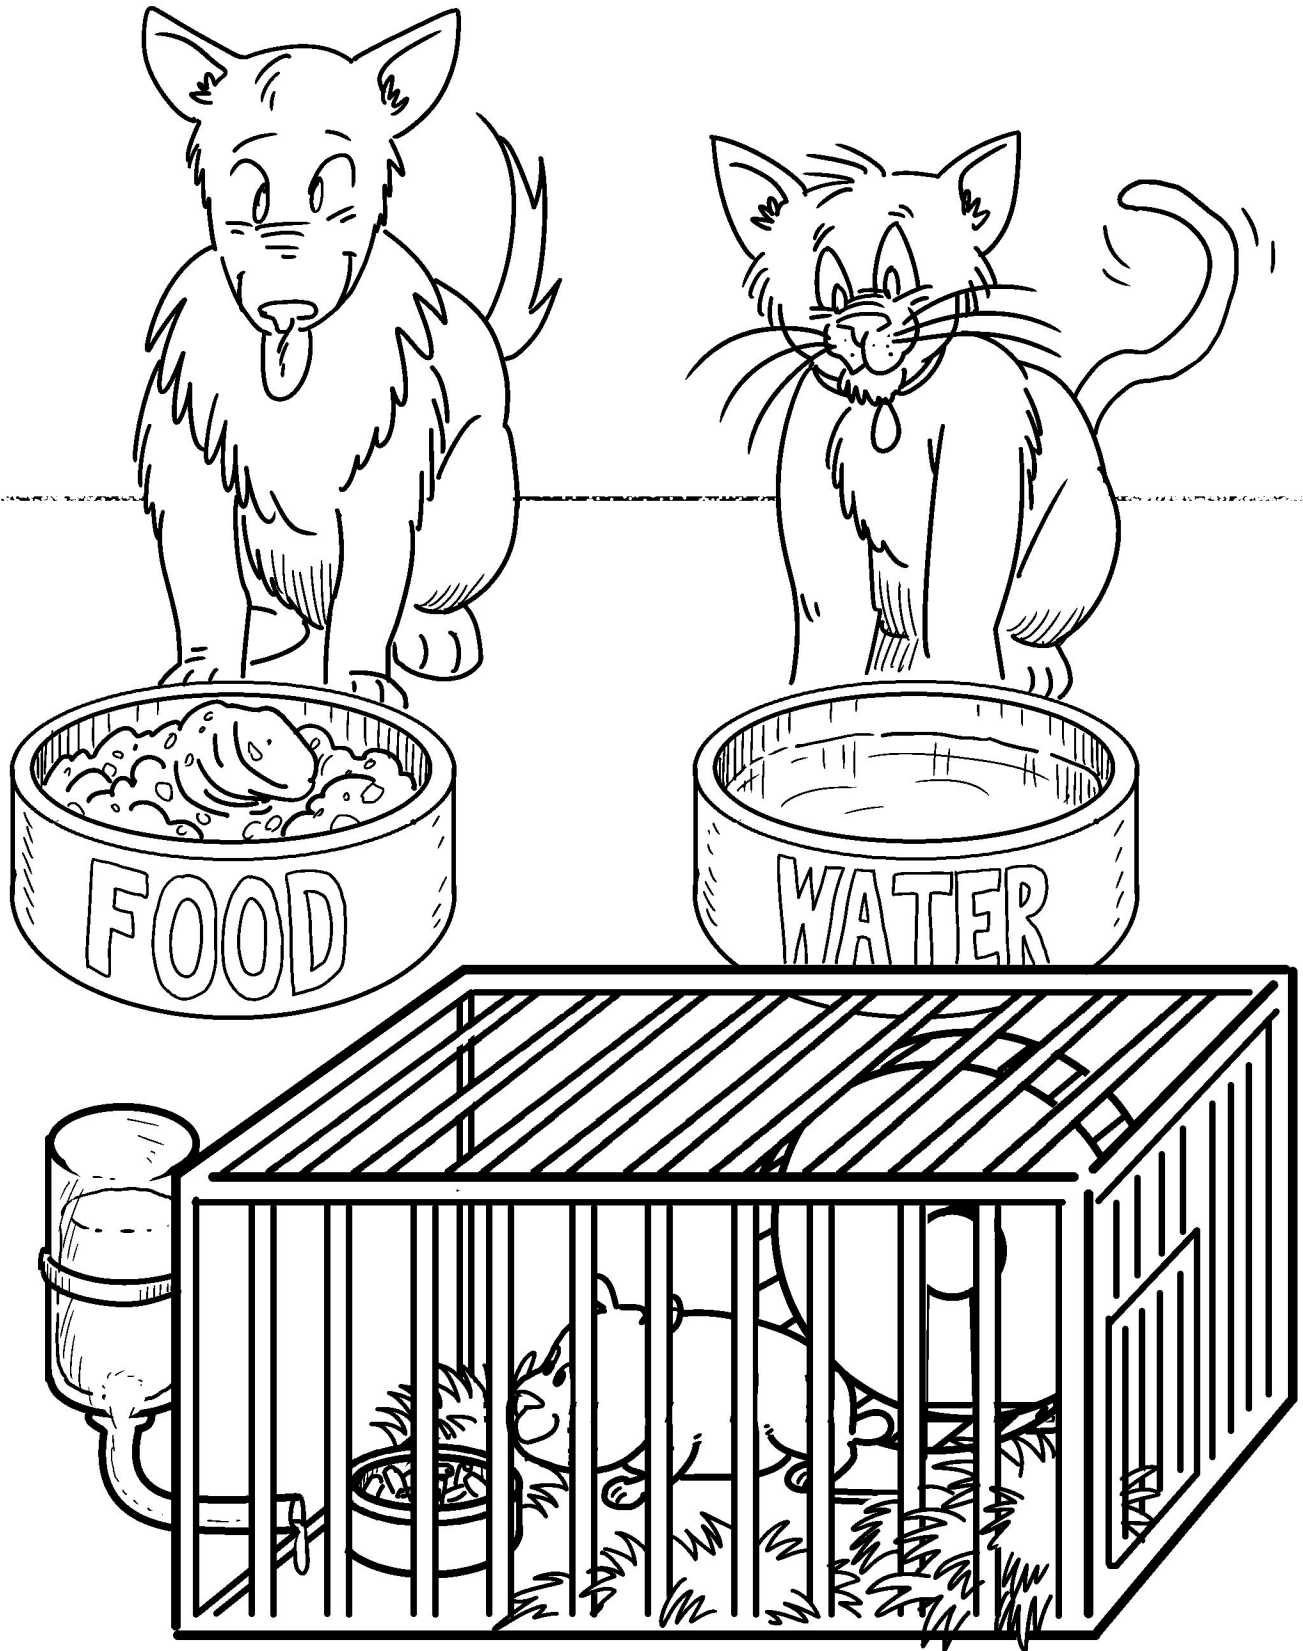

**Animals can make great friends.
Be sure to spend time and have fun
with your pets.
Does your pet know any tricks?**

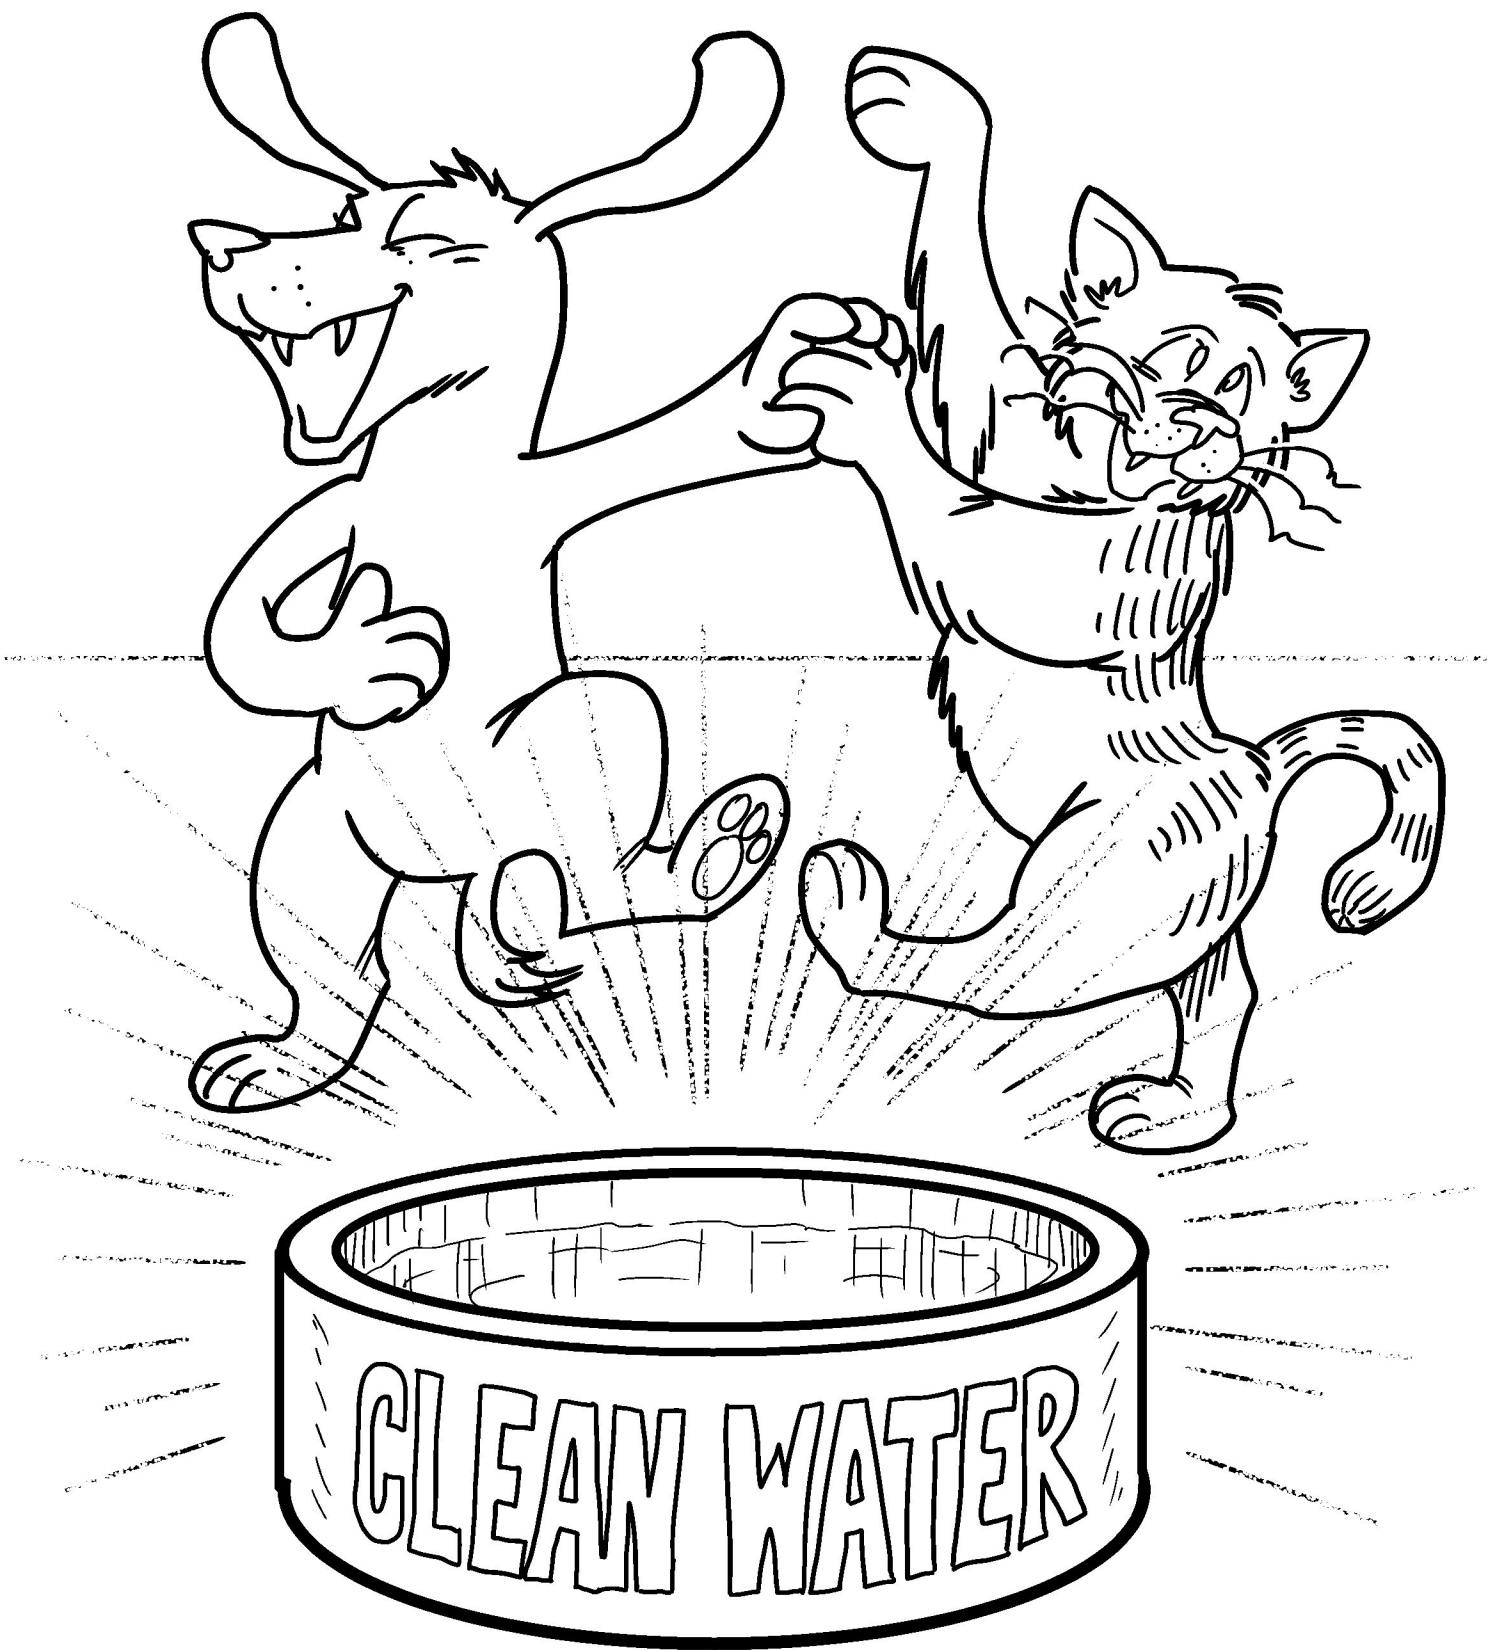

**Take some time to play with
your pets every day.
You will both have fun!**

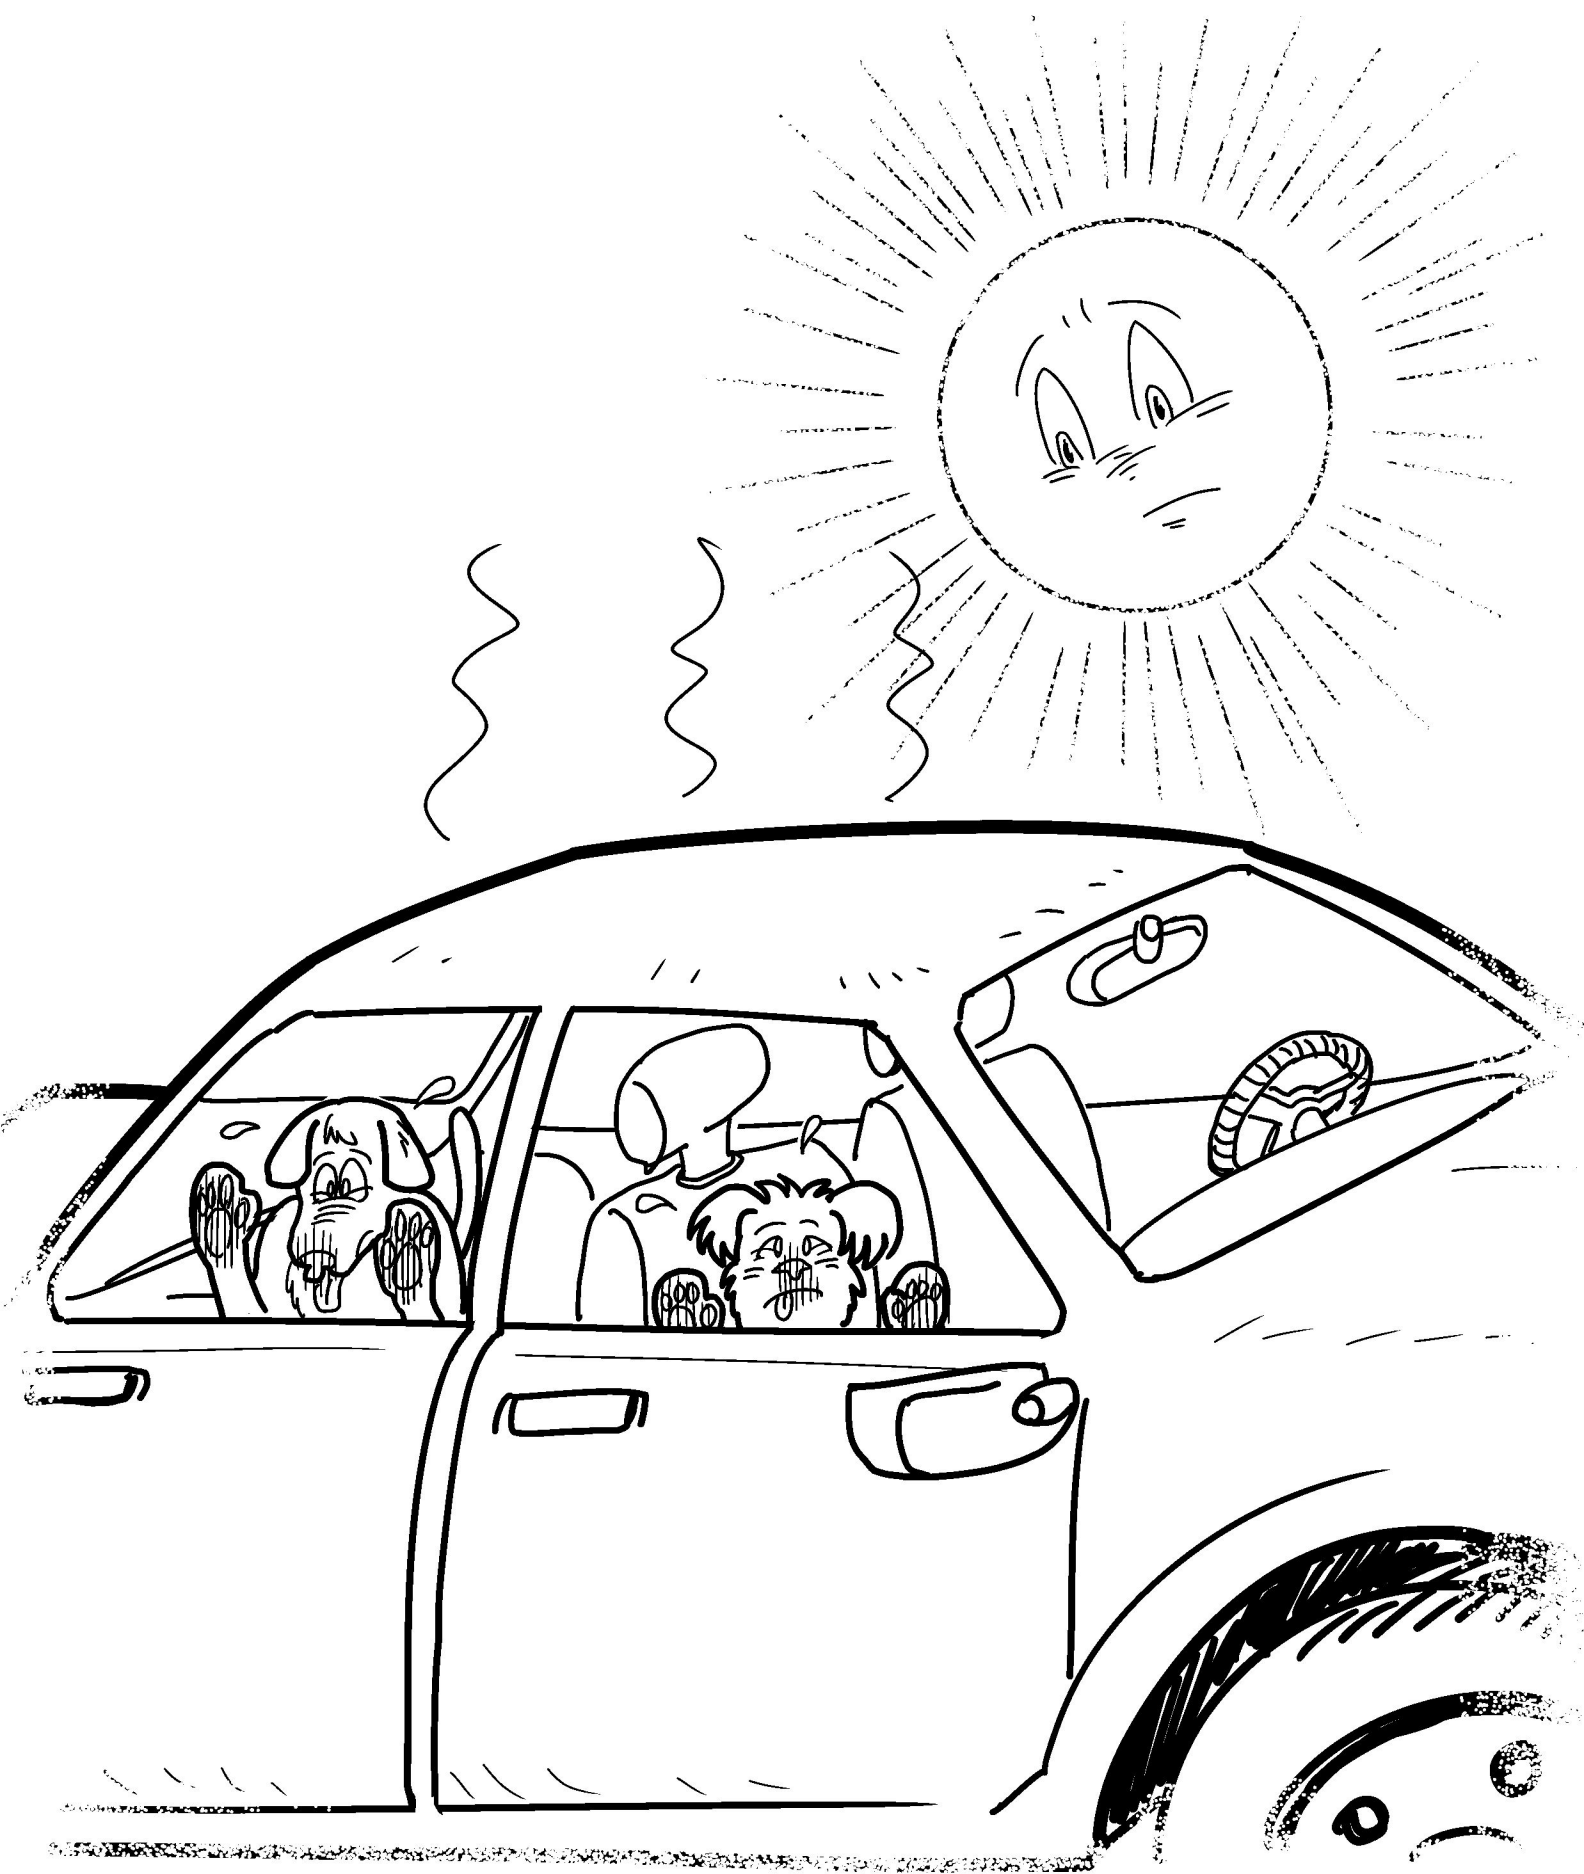

**Dogs love to go for walks.
They need fresh air and exercise
just like you.**

Make sure your pets have plenty of food and fresh water every day.

**Make sure your pet's water dish stays clean.
Nobody likes drinking from a dirty dish.**

NEVER leave your pets in a hot car.
